You must submit the *ECFMG Medical Education Credentials Submission Form* (Form 344) when you send your medical education credentials to ECFMG.

The ECFMG Medical Education Credentials Submission Form (Form 344) serves as a "checklist" to assist you in providing the correct medical education credentials to ECFMG. Providing the correct medical education credentials to ECFMG will reduce the possibility that your application for examination will be rejected (if you are applying for an examination) and expedite the medical education credential verification process.
